## Workshop for foreign students practical skills

### REPORT

On May 12, 2023, to strengthen health professionals' interprofessional collaboration, a practical skills workshop was held at the Faculty of Medicine in Novi Sad for foreign students from the second to the fifth year (51 total).

The workshop had seven workstations where foreign students practised basic care procedures.

The workshop organisers were: prof. dr Goran Stojiljković, prof. dr Dragana Simin and prof. dr Dragana Milutinović, while the second and fourth-year students of basic nursing studies realised it.
